August 2010 – July 2012	BALL STATE UNIVERSITY – MUNCIE, IN M.A., Counseling, Clinical Mental Health (CACREP-Approved Program) Thesis Title: Combat to campus: The needs of the transitioning student veteran Thesis Chair: Theresa Kruczek, Ph.D., HSPP
March 2008 – June 2010	CALIFORNIA POLYTECHNIC STATE UNIVERSITY – POMONA, CA B.A., Psychology, *Cum Laude*

LICENSURE

May 2026 – Present	Licensed Psychologist- State of Arizona License #PSY-006095
March 2018 – Present	Licensed Psychologist- Health Service Provider in Psychology- State of Indiana License #20043140A

AUTHORIZATIONS

August 2022 – Present	PSYPACT- American Board of Professional Psychology Mobility #12012

CERTIFICATIONS

November 2025	CogScreen AE2-Aeromedical Edition
November 2024	FAA-Recognized Aviation Neuropsychologist
April 2024	Candidate, Board Certification in Clinical Neuropsychology (ABPP-CN)

MEDICAL STAFF APPOINTMENT

May 2018 – Present — Allied Health Practitioner (Neuropsychology)
Community Health Network-North Campus, Indianapolis, IN

AREAS OF CLINICAL AND PROFESSIONAL EXPERTISE

- Clinical Neuropsychological Assessment
- Dementia and Neurocognitive Disorders
- Traumatic Brain Injury and Acquired Brain Injury
- Cerebrovascular Disease and Stroke
- Movement Disorders
- Seizure Disorders and Epilepsy
- Adult ADHD and Learning Disorders
- Complex Diagnostic and Psychological Assessment
- Forensic Neuropsychology
- Civil and Criminal Forensic Evaluation
- Personal Injury and Disability Evaluation
- Capacity and Guardianship Evaluation
- Fitness-for-Duty Evaluation
- Public Safety and Safety-Sensitive Personnel
- Independent Record Review and Forensic Consultation
- Expert Witness Consultation, Deposition, and Testimony
- Aviation Psychology (FAA, HIMS, and Tier 2 Evaluations)
- Veteran and Military Mental Health
- Service-Connected Disability Evaluation
- Clinical Supervision and Training

CLINICAL EXPERIENCE

CEO, Clinical & Aviation Neuropsychologist September 2019 – Present
The Brain Center, Indianapolis, IN
Founder and CEO of a multidisciplinary behavioral health and neuropsychology practice providing comprehensive neuropsychological, psychological, forensic, and aeromedical assessment services across the lifespan. Conduct specialized evaluations for neurocognitive and neurodegenerative disorders, traumatic and acquired brain injury, cerebrovascular disease, movement disorders, seizure disorders, learning and attention disorders, complex psychiatric and diagnostic presentations, fitness-for-duty determinations, capacity and guardianship, disability, and forensic referrals. Serve as an FAA recognized (FAAR) aviation psychologist providing HIMS, Tier 2, and other aeromedical evaluations for pilots and air traffic personnel.

Responsibilities: Conduct comprehensive clinical and forensic interviews; develop individualized neuropsychological and psychological assessment batteries; administer, score, and interpret assessment measures; integrate collateral information, medical records, neuroimaging, and other relevant data; formulate differential diagnoses; evaluate cognitive, psychological, and functional limitations; prepare comprehensive clinical and forensic reports; and provide consultation, feedback, and recommendations to patients, families, attorneys, physicians, governmental entities, employers, and multidisciplinary treatment teams. Provide clinical supervision and training in neuropsychological assessment, case conceptualization, and report writing for psychometrists, doctoral practicum students, and trainees. Oversee practice operations, program development, quality improvement, and interdisciplinary clinical services.

Forensic Testimony and Expert Witness Experience: Provide forensic neuropsychological and psychological consultation, independent evaluation, record review, and expert opinion in civil, criminal, personal injury, disability, capacity, fitness-for-duty, and other medicolegal matters. Forensic services include analysis of medical and collateral records, neuropsychological and psychological evaluation, consultation with retaining counsel,

preparation of expert reports and opinions, and deposition and courtroom testimony. Experience includes matters in state and federal courts and consultation for both plaintiff/prosecution and defense. Representative cases include:

- State of Indiana vs. Nicholas Dawson, Cause No. 27D01-1910-F4-000031 (Retained by Defense; testimony ultimately not required)
- State of Indiana vs. Jaylen Smith, Cause No. 49D28-2010-MR-031801 (Expert Testimony; Defense)
- Henderson vs. United States of America, Cause No. 1:22-cv-01606-TWP-MPB (Deposition; Plaintiff)
- Prososki vs. Kruse, Case No. 21-055061-NI (Deposition; Plaintiff)
- State of Michigan vs. Burke, Case No. 22-252-CA (Retained by Plaintiff; deposition ultimately not required)

Additional forensic and medicolegal experience includes fitness-for-duty and return-to-duty evaluations involving public safety and healthcare personnel; disability and functional capacity opinions; capacity and guardianship evaluations; aviation and other safety-sensitive evaluations; and independent neuropsychological consultation regarding traumatic brain injury, cognitive impairment, psychiatric functioning, and neurocognitive disorders.

Post-Doctoral Neuropsychology Fellow September 2017 – August 2019
Brain Performance and Psychology Center, Indianapolis, IN
Completed a clinical neuropsychology postdoctoral fellowship designed to meet eligibility requirements for ABPP board certification in Clinical Neuropsychology through adherence to Houston Conference Guidelines.

Responsibilities: Provided comprehensive neuropsychological assessment and treatment for brain-based disorders, including dementia, traumatic brain injury, cerebrovascular accident, learning disorders, and attention-deficit disorder. Additionally provided cognitive-behavioral and interpersonal psychotherapy for adults and older adults with stress, depression, anxiety, and end-of-life concerns.

Conducted intake assessments; developed flexible test batteries; administered, scored, and interpreted tests; reviewed records; wrote reports; and provided patient and family feedback. Attended weekly neuropsychology didactics, participated in and presented at Grand Rounds at Community North Hospital, presented research related to neurofeedback, and delivered presentations on neuropsychological functioning. Supervised neuropsychological assessment and report writing for psychometrists, doctoral practicum students, and pre-doctoral psychology interns. *Supervisor:* Corby Bubp, Ph.D., HSPP

Pre-Doctoral Psychology Intern July 2016 – July 2017
VA Illiana Health Care System, Danville, IL
Completed APA-accredited internship rotations in Neuropsychology, Inpatient Mental Health, and Geropsychology.

Responsibilities: Neuropsychology: Completed one to two comprehensive neuropsychological assessments per week with veterans presenting with cognitive concerns related to dementia, movement disorders, traumatic brain injury, medical comorbidities, and psychiatric illness. Responsibilities included interviewing veterans, developing flexible test batteries, administering/scoring and interpreting tests, reviewing medical records, writing reports, providing feedback, attending neuropsychology and psychopharmacology didactics, and participating in relevant medical resident lectures and Grand Rounds. Completed supplemental neuropsychology experiences including shadowing in neurology, vascular studies, neuroimaging, and cognitive rehabilitation, and presented didactics to medical residents, interdisciplinary psychopharmacology, diversity, and general mental health groups. Inpatient

Mental Health: Provided assessment and treatment for veterans hospitalized with serious mental illness, including schizophrenia spectrum disorders, bipolar disorder, PTSD, depression, anxiety, substance use disorders, and obsessive-compulsive and related disorders. Contributed to interdisciplinary treatment planning, provided psychodiagnostic and therapy services, facilitated group therapy, and supervised practicum students.

Geropsychology: Provided services through Geriatrics and Extended Care Services and the Community Living Center, including dementia care, palliative care, geropsychology, rehabilitation, and long-term care. Conducted

psychological evaluations including capacity and dementia assessments, provided short-term psychotherapy, and educated staff using the STAR-VA approach. *Supervisors:* Julia Fitzgerald-Smith, Ph.D., ABPP-CN; Mark Blodgett, Psy.D.; Bridget Tribout, Ph.D.

Doctoral Practicum Student August 2012 – May 2016
Ball State University Practicum Clinic
Department of Counseling & Guidance Services, Muncie, IN
Responsibilities: Provided outpatient psychotherapy and assessment services to adults utilizing cognitive-behavioral, solution-focused, and interpersonal approaches. Developed and implemented treatment plans, completed clinical documentation, participated in individual and group supervision, provided consultation to counselors-in-training, and supervised junior trainees. *Supervisors:* Yui Chung Chan, Ph.D., HSPP, CRC, Larry Gerstein, Ph.D., Donald Nicholas, Ph.D., HSPP, Paul Spengler, Ph.D., HSPP, Kristen McGovern, Ph.D., HSPP, Theresa Kruczek, Ph.D., HSPP., Molly Tschopp, Ph.D., CRC, and Sharon Bowman, Ph.D., HSPP

Doctoral Practicum Student August 2014 – May 2016
Indiana University School of Medicine
Department of Neurology, Indianapolis, IN
Responsibilities: Completed comprehensive neuropsychological assessments for patients presenting with cognitive impairment related to dementia, movement disorders, traumatic brain injury, medical conditions, and psychiatric illness. Responsibilities included test administration, scoring, interpretation, report writing, and participation in weekly supervision. *Supervisor:* Daniel Rexroth, Psy.D., HSPP

Student Clinician March 2014 – May 2015
Roudebush Veterans Affairs Medical Center
Health Services Research & Development, Indianapolis, IN
Responsibilities: Provided manualized cognitive-behavioral therapy to veterans with chronic pain as part of a randomized controlled trial. Addressed co-occurring psychosocial concerns within an integrated primary care setting and participated in clinical supervision and research activities. Primary Investigator: Matthew Bair, MD, MS. *Supervisor:* Samantha Outcalt, Ph.D., HSPP

Doctoral Practicum Student August 2013 – April 2014
St. Vincent Hospital
Family Medicine Clinic, Indianapolis, IN
Responsibilities: Participated in an integrated behavioral health model providing same-day consultations for patients presenting with depression, anxiety, insomnia, chronic pain, smoking cessation, obesity, and chronic illness management concerns. Administered and scored screening measures, assisted with clinical interviews and feedback sessions, and participated in weekly individual supervision. *Supervisor:* Thomas J. Barbera, Ph.D., HSPP

Doctoral Practicum Student February 2013 – May 2013
Psychological Assessment & Consulting, **Muncie, IN**
Responsibilities: Assisted with pediatric and adolescent psychological consultations referred by primary care providers. Conducted clinical interviews, psychosocial histories, behavioral observations, and assessment procedures related to attention, academic achievement, trauma, and emotional functioning. Participated in feedback sessions and weekly supervision. *Supervisor:* Theresa Kruczek, Ph.D., HSPP

Doctoral Practicum Student January 2013 – February 2014
Youth Opportunity Center, Muncie, IN
Responsibilities: Conducted comprehensive psychodiagnostic evaluations for children and adolescents referred through the Indiana Department of Child Services and Juvenile Probation. Assessment activities included clinical interviewing, psychosocial history review, personality and behavioral assessment, intellectual and academic testing, trauma screening, substance use assessment, and integrated report writing. Provided diagnostic feedback to youth and caregivers. *Supervisors:* Robyn Eubank, Psy.D., HSPP; Robin Kohli, Psy.D., HSPP

Masters Student Intern August 2011 – May 2012
Indiana University Ball Memorial Hospital
Inpatient Psychiatry, Muncie, IN
Responsibilities: Provided counseling and case coordination services within an inpatient psychiatric setting. Conducted psychosocial assessments, developed treatment plans, collaborated with interdisciplinary team members, and participated in individual and group supervision. *Supervisor:* Beth McKay, LMHC, LSW, LCAC

Masters Practicum Student January 2011 – July 2011
Ball State University Practicum Clinic
Department of Counseling & Guidance Services, **Muncie, IN**
Responsibilities: Provided outpatient psychotherapy to adults utilizing cognitive-behavioral, solution-focused, and interpersonal approaches. Conducted intake interviews, treatment planning, clinical documentation, and participated in individual and group supervision. Additional responsibilities included counseling children with emotional and developmental disabilities utilizing cognitive-behavioral and play-based interventions. *Supervisors:* Holly A. Tenbrink, M.A., Stefania Ægisdóttir, Ph.D., Donald Nicholas, Ph.D., HSPP, Juliza Alta-Ramirez Wylie, M.Ed., Courtney Ryan, M.A., and Theresa Kruczek, Ph.D., HSPP

TEACHING EXPERIENCE

Faculty Psychologist September 2026 – Present
Community Health Network
Department of Psychiatry, Indianapolis, IN
Serve as faculty psychologist within the Department of Psychiatry, providing clinical service, supervision, and education within an academic medical and graduate medical education setting. Provide psychology expertise within an interdisciplinary psychiatry program and contribute to the clinical and professional development of psychiatry residents and other trainees.
Responsibilities: Provide clinical psychological services and consultation; supervise clinical activities and case conceptualization; develop and deliver didactic programming for psychiatry residents; participate in interdisciplinary faculty activities; and collaborate with psychiatry faculty and other healthcare professionals to support resident education, clinical training, and patient care.

Adjunct Faculty September 2018 – August 2026
Dept. of Psychological Science
Marian University, Indianapolis, IN
Provide graduate-level instruction and supervision in clinical psychology and counseling-related coursework. Current responsibilities include teaching practicum supervision and facilitating professional development of emerging clinicians. Previous courses include psychopathology and introduction to counseling. Responsibilities include student mentoring, competency evaluation, supervision of clinical training experiences, and development of course content.

Adjunct Faculty September 2018 – May 2021
Dept. of Psychological Science
University of Indianapolis, Indianapolis, IN
Provided graduate-level instruction in psychology and neuroscience-related coursework. Courses taught included Neurological and Biological Bases of Behavior, Evidence-Based Practice, Brain and Behavior, and Psychology of Aging. Responsibilities included curriculum delivery, student evaluation, mentorship, facilitation of classroom discussion, and integration of current scientific literature into course instruction.

Pre-Doctoral Instructor & Adjunct Faculty Fall 2013 – Fall 2017
Dept. of Counseling Psychology
Ball State University, Muncie, IN
Provided undergraduate instruction in Human Relationship Development and Aspects of Sexuality. Responsibilities included course development, lecture preparation, student assessment, classroom management, and academic mentorship. Emphasized application of psychological theory, multicultural considerations, and evidence-based approaches to interpersonal functioning and human development.

GRADUATE MEDICAL EDUCATION EXPERIENCE

- Faculty Psychologist, Community Health Network Psychiatry Residency Program (Beginning September 2026): Provide resident education, clinical supervision, curriculum development, and didactic programming in psychological and neuropsychological assessment, psychopathology, behavioral health, and related areas of clinical psychology.
- Invited Lecturer, Community Health Network Psychiatry Residency Program - Introduction to Neuropsychological Assessment (2019)
- Presenter to psychiatry residents, psychology interns, practicum students, and multidisciplinary healthcare professionals on neuropsychological assessment, dementia, traumatic brain injury, and related clinical topics.
- Participant and presenter in Grand Rounds during postdoctoral fellowship training.
- Supervisor and educator of psychology trainees across multiple levels of professional development.

PROFESSIONAL EXPERIENCE

President-Elect January 2026 – Present
Board of Directors
Indiana Psychological Association
Elected to serve as President-Elect of the Indiana Psychological Association, the largest professional organization representing psychologists in Indiana. Provide strategic leadership and governance oversight as a member of the Executive Committee and Board of Directors while supporting initiatives that advance the profession of psychology and improve access to behavioral healthcare.
Responsibilities: Collaborate with legislative consultants, committee chairs, and board members to advance state and federal advocacy initiatives; support organizational planning and policy development; contribute to executive leadership decisions; and prepare to assume the presidency to ensure continuity of leadership and organizational stability.

Vice-President June 2025 – Present
Board of Directors
Lawrence Central Bears Athletic Club
Serve in an executive leadership role supporting a high school athletic booster organization dedicated to enhancing student-athlete experiences and promoting school spirit.

Responsibilities: Plan, organize, prepare, and conduct committee meetings and activities; collaborate with board members and school stakeholders; support fundraising and community engagement initiatives; and contribute to programming that supports Lawrence Central student-athletes.

Federal Advocacy Coordinator August 2022 – Present
Indiana Psychological Association
Serve as the primary liaison between Indiana psychologists and federal elected officials to promote advocacy efforts that advance the profession of psychology and improve access to mental healthcare.
Responsibilities: Develop and maintain relationships with Members of Congress and their staff; coordinate grassroots advocacy initiatives; educate psychologists regarding federal legislative issues; monitor policy developments affecting the profession; and provide regular reports and recommendations to the Board of Directors.

Chair-Elect/Chair/Co-Chair/Board Member January 2022 – December 2025
Board of Directors
Greater Lawrence Chamber of Commerce
Provided strategic leadership and governance oversight for a regional business organization serving the Lawrence community. Progressed through successive leadership roles including Chair-Elect, Chair, Co-Chair, and Board Member while supporting organizational growth, community engagement, and economic development initiatives.
Responsibilities: Planned and conducted board and committee meetings; supervised and collaborated with the Executive Director; supported strategic planning and organizational operations; partnered with community and business leaders to advance chamber initiatives and member engagement; and contributed to governance, financial oversight, and leadership succession planning. *Committees Served:* Executive, Finance, Nominating.

Chair October 2020 – Present
Governmental Affairs Committee
Indiana Psychological Association
Chair the Governmental Affairs Committee for the Indiana Psychological Association, supporting the organization's state-level advocacy strategy and policy engagement.
Responsibilities: Plan and conduct committee meetings; coordinate legislative and policy priorities; collaborate with board members, legislative consultants, and psychologists across Indiana; report committee activity to the Board of Directors; and support advocacy efforts related to scope of practice, reimbursement, licensure, and access to psychological services.

Peer Consultant October 2020 – May 2021
Peer Ethics Consultation Group
Indiana Psychological Association
Served as a peer consultant within a professional ethics consultation group for psychologists practicing in Indiana.
Responsibilities: Provided peer consultation regarding ethical questions and professional dilemmas; collaborated with consultation team members; and supported psychologists in considering ethical principles, professional standards, and practice implications.

CEO/President May 2017 – December 2020
Briezy's Bunch
Served as CEO and President of an Indianapolis-based nonprofit organization focused on supporting individuals and families affected by epilepsy.

Responsibilities: Oversaw administration, programs, and strategic planning; led fundraising, marketing, and community outreach initiatives; collaborated with the Board of Directors; and developed programming to increase awareness and community support for epilepsy-related needs.

Chair/Co-Chair August 2014 – July 2017
APA, Division 17, Military Special Interest Group (mSIG)
Served in national leadership roles for APA Division 17's Military Special Interest Group, supporting professional engagement related to military personnel, veterans, and their families.
Responsibilities: Increased active membership; partnered with military-related organizations for volunteer and community service opportunities; promoted advocacy efforts; and supported programming related to military culture, veteran transition, and mental health services for military-connected populations.

Regional Advocacy Coordinator July 2014 – July 2016
Advocacy Coordinating Team
American Psychological Association Graduate Students (APAGS)
Served as APAGS Regional Advocacy Coordinator for the Southeast Region, which included nine states and Puerto Rico.
Responsibilities: Led state representatives; communicated legislative and professional issues relevant to psychology graduate students; facilitated reciprocal communication between graduate students, training programs, and APAGS; participated in regional and national advocacy calls; and served as a resource for legislative issues affecting psychology and the populations served by psychologists.

Chair January 2014 – December 2014
Student Activities Committee
Indiana Psychological Association
Chaired the student-focused committee within the Indiana Psychological Association to support graduate student engagement and professional development.
Responsibilities: Planned and conducted committee meetings; reported activities to the Board of Directors; served as liaison to the Science and Education Committee; recruited student members from Indiana graduate programs; and planned student programming for the annual IPA conference.

Chair August 2013 – July 2014
Graduate Student Committee
American Mental Health Counselors Association (AMHCA)
Led the Graduate Student Committee of the American Mental Health Counselors Association to support graduate student engagement and professional development.
Responsibilities: Contributed articles to AMHCA's monthly newsletter, The Advocate; maintained a professional social networking site; supported coordination of the annual conference silent auction; and coordinated monthly committee conference calls.

State Advocacy Coordinator July 2013 – July 2014
Advocacy Coordinating Team
American Psychological Association Graduate Students (APAGS)
Served as APAGS State Advocacy Coordinator for Indiana, supporting advocacy communication among graduate psychology students and training programs.

Responsibilities: Led university campus representatives; disseminated information about legislative and professional issues relevant to psychology; facilitated reciprocal communication between graduate students and APAGS; prepared monthly reports; and coordinated conference calls with campus representatives.

Student Representative July 2012 – June 2015
Board of Directors
Indiana Psychological Association (IPA)
Served as the student representative on the Indiana Psychological Association Board of Directors.
Responsibilities: Represented student member perspectives; assisted in forming and serving on the student activities committee; disseminated information regarding psychology in Indiana; and participated in board meetings and conference calls.

Campus Representative January 2011 – July 2013
Advocacy Coordinating Team
American Psychological Association Graduate Students (APAGS)
Served as the APAGS Campus Representative to Ball State University's Counseling Psychology Department.
Responsibilities: Informed students about issues relevant to psychology; facilitated communication between graduate students and APAGS; served as a resource for legislative and professional issues; and prepared monthly reports.

Treasurer December 2010 – December 2011
Graduate Student Association Executive Board
Ball State University
Responsibilities: Led fundraising efforts, prepared an annual report, created and implemented the yearly budget, and participated in monthly executive board meetings.

RESEARCH EXPERIENCE

Lead Investigator August 2013 – July 2016
Doctoral Dissertation Project
Ball State University, Muncie, IN
Project: An empirical analysis of the differences in college adjustment between student veterans and nonveteran students within the framework of adult transition theory and culture shock theory.
Responsibilities: Developed and completed dissertation research; received committee and institutional approval; collected and analyzed survey data; and successfully defended in July 2016.
Committee Members: Molly Tschopp, Ph.D., CRC (Chair); Theresa Kruczek, Ph.D., HSPP; Jacob Yui-Chung Chan, Ph.D., HSPP, CRC; Michael Hicks, Ph.D.

Researcher June 2013 – July 2013
Neuropsychophysiology Research
University of Minho, Braga, Portugal
Project: Investigated differential activation of the default mode network in jet-lagged individuals using fMRI methodology.
Responsibilities: Utilized and developed proficiency in neuroscience research methods including functional magnetic resonance imaging (fMRI), event-related potentials (ERPs), and physiological measures such as electrocardiogram and skin conductance level.
Supervisors: Kristen Perrone-McGovern, Ph.D., HSPP; Stephanie Simon-Dack, Ph.D.

Lead Investigator March 2011 – July 2012
Master's Thesis Project
Ball State University, Muncie, IN
Project: Investigated differences in college adjustment among student veterans and nonveteran students using survey methodology.

Responsibilities: Developed and completed thesis research following Graduate School and committee approval.

Committee Members: Theresa Kruczek, Ph.D., HSPP (Chair); Sharon Bowman, Ph.D., HSPP, LMHC; Stefania Ægisdóttir, Ph.D., HSPP
